Bespoke labels

The Brother VC-500W Colour Label Printer uses cutting-edge technology to guarantee a professional, full colour finish on every bespoke project you want to personalise.

It's simple to use and gives you complete creative freedom – whether you're making cards, gifts, or home decorations, they'll be unmistakably yours and can be completely customised to your requirements.

Design labels on your computer or mobile device

Design labels on your computer or mobile device

Use the free Brother **Color Label Editor** app or **P-touch Editor** label design software to customise every detail.

- Choose from hundreds of built-in icons, frames, filters, fonts and backgrounds
- Import photos from your library and Instagram
- Add lists of names or addresses for personalised creations in large quantities, such as place cards or save the dates
- Revisit and rework your favourite designs in future with every creation saved
- Create, edit and print bright, colourful labels directly from your personal device
- Supports Apple AirPrint to allow direct printing of photos from your camera roll

Easy to set up and use

Seamlessly connect to your printer via USB or Wi-Fi to design labels on your PC, Mac, iOS and Android devices.

No ink needed

Powered by ZINK™ Zero-Ink™ Printing Technology, the secret's hidden in the label rolls. Colour crystals in the paper are activated by heat to create full colour labels with no need for ink, which makes this handy little printer even easier to fit into your life.

Labels of all sizes

Create labels to the length you require

Available in five different widths, Brother's full colour label rolls guarantee a professional finish for every project. Simply slot in the roll you need and off you go!

Cassette type	Width	Length
CZ-1001 cassette roll	9 mm	5 m
CZ-1002 cassette roll	12 mm	5 m
CZ-1003 cassette roll	19 mm	5 m
CZ-1004 cassette roll	25 mm	5 m
CZ-1005 cassette roll	50 mm	5 m
CK-1000 print head cleaning cassette	50 mm	2 m
