

Expression Photo HD XP-15000

DATASHEET / BROCHURE

Produce high-quality, glossy photos from Epson's smallest A3+ photo printer with Claria Photo HD Inks.

Create professional-looking photos up to A3+ at home with this compact and stylish photo printer. Enjoy natural and vibrant prints with greater detail thanks to the six colour Claria Photo HD Inks with red and grey. The XP-15000 also offers a suite of mobile printing apps and a large LCD screen.

Compact yet feature rich

Surprisingly compact, the XP-15000 can print A3+ photos from its small footprint. It's stylish too and looks great from all angles.

Enhanced inks

Print long-lasting and professional-looking glossy photos with Claria Photo HD Inks. The set of six inks includes grey for superior black and white photos with a smoother tonal gradation, and red for vivid and realistic colours thanks to the wider colour gamut.

Print when and where you want

Printing photos and documents on the go is easy; simply download the free Epson iPrint app² to print wirelessly from your smart device. The free Epson Creative Print² app can print photos directly from Facebook, create greeting cards, turn photos into colouring books, and plenty more. You can even print by emailing files to the printer from almost anywhere in the world with Epson Email Print².

Flexible

Print wirelessly with or without a network using Wi-Fi and Wi-Fi Direct. There is also Ethernet for printing through a wired network. In addition, the auto power on feature activates the printer and automatically opens the output tray when a print job is sent.

Versatile

The front-loading paper tray can be used for paper up to A4, while the rear paper feed is suitable for up to A3+ including thicker media. You can also print A4 double-sided and on suitable CDs and DVDs.
